

RELEVANT FACT

No "Window Crop" in the first half of 2024.

San Salvador, January 17, 2024.

EGRAINS S.A. DE C.V. (E-GRAINS), a leading company in digital assets, through this statement, informs investors about a significant alteration in operations related to our soy-backed token, \$ESOY.

During the first half of the year 2024, the annual event known as "Window Crop" will not take place. This period, designated as "Window Crop," grants token holders the right to obtain financial settlement for \$ESOY. This process is crucial to ensure transparency and fair valuation of the asset.

The decision not to conduct "Window Crop" in the first half of 2024 was carefully considered with the aim of optimizing market conditions and ensuring the best interest of investors. E-GRAINS remains dedicated to transparency, integrity, and innovation in its operations, and we will continue to provide regular updates on our products and services.

We appreciate the trust of our investors and are available for any further clarification.
